

January 2022

Dear Parent/Carer

Year 9 Assessments 2022

Starting on Monday 31st January for a two week period, all Year 9 students will be undertaking assessments in all their subjects. These assessments will take place in their normal classrooms as indicated on the timetable attached. The purpose of these assessments is to track the students' progress and the results will be sent home on 4th March 2022.

You can help your child to prepare for these assessments by encouraging them to spend some time revising for each subject. Please ensure that your child has all the necessary equipment for the assessments – pens, pencils, rubber, ruler, sharpener, calculator, protractor and a compass.

We hope that your child will benefit from this opportunity and that you will find the assessment results useful in helping to support their learning at home. If you have any queries regarding the assessment fortnight, please contact Mr Bond or Mr Antrobus at school.

Yours sincerely

Mr N Bond
Head of Year 9

Mr R Antrobus
Head of Key Stage 3
