## 1. Introduction & Overview

All Hallows is committed to

- providing an environment that is suitable and sufficient for all educational purposes which values and includes all students, staff, parents and visitors regardless of Special Educational Needs or Disabilities.
- challenging negative attitudes about disability and discrimination and accessibility to ensure we develop a culture of awareness, tolerance and inclusion.
- improving the physical environment of the school, the curriculum within the school and the access of information to all stakeholders with disabilities.

In order to actively work on accessibility topics as outlined in the Equality Act 2010 and the school's Equality Information & Objectives Policy, All Hallows has an action plan.

- This plan operates alongside the school's SEND Policy and is consistent with it in terms of principles and resourcing.
- The plan will be reviewed and adjusted every three years or if a substantial change occurs, either in policy or infrastructure.

All Hallows acknowledges a role in raising awareness and training staff and governors in all matters related to disability discrimination and the need to inform attitudes on this matter. The Plan will be monitored by the Governing Body as well as the Senior Leadership Team.

The school website will publish this Accessibility Plan.
