

Getting ready for September

Uniform & Equipment Checklist

Uniform

The summer holidays is a great time for families to replace uniform or shoes that are a little small or worn out. I encourage all students and parents to refer to [our website for information on our school uniform](#).

Equipment

Arriving to lessons fully prepared and equipped to learn is a key factor in ensuring success. I ask all parents to ensure that their child arrives at school properly equipped with the following **11 stationary items** in a **pencil case** in September please, so that they can properly access their learning:

1. Pen and spare pen (blue and black ink)
2. Ruler (15cm or 30cm)
3. Rubber
4. Sharpener
5. Colouring pencils
6. Highlighter
7. Whiteboard pen and a spare (we have put whiteboards into the journals for use in lessons)
8. Glue stick
9. Scissors
10. Compass & Protractor
11. Scientific calculator

In addition, please provide your child with a water bottle for the day, to ensure your child remains hydrated throughout.

Thank you for your continued support of the school.
