### Our School Vision

Our vision at All Hallows is to form happy, successful students who reach their full potential and leave the school with integrity and moral purpose. We want a whole school experience that everyone would wish for their own children. We put our students at the heart of everything we do, guided by the truth and love of Christ.

The categories of pupil information that we collect, hold and share include:

- personal information (such as name, unique pupil number, photograph and address);
- characteristics (such as ethnicity, language, nationality, country of birth, free school meal eligibility and pupil premium);
- attendance information (such as sessions attended, number of absences and absence reasons);
- results of internal and external assessments;
- special educational needs;
- relevant medical information;
- safeguarding;
- contact details;
- exclusions / behavioural information;
- passport numbers and EHIC/GHIC numbers (for the duration of specific overseas trips only).

### 1. Why we Collect & Use this Information

We use the pupil data:

- to support students' teaching and learning;
- to monitor and report on pupil progress;
- to provide appropriate pastoral care;
- to assess the quality of our services;
- to comply with the law regarding data sharing.

### 2. The Lawful Basis on which we use this Information

We collect and use pupil information under Article 6 Lawfulness of processing and Article 9 Processing of special categories of personal data.

### 3. Collecting Pupil Information

Whilst the majority of pupil information you provide to us is mandatory, some of it may be provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

### 4. Storing Pupil Data

We hold pupil data, both electronically and in paper form for 7 years after a student has left our school. Biometric information is removed when the student is no longer attending the school.

### 5. Who we Share Pupil Information with

We routinely share pupil information with the Department for Education (DfE), and to agencies that are prescribed by law, such as:

- schools that the pupils attend after leaving us;
- our local authority;
- the Qualifications and Curriculum Authority (QCA);
- Ofsted;
- the Learning and Skills Council (LSC);
- the Department of Health & Social Care (DH);
- Primary Care Trusts (PCT);
- organisations that require access to data held by the Learning Records Service.

### 6. Why we Share Pupil Information

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with our local authority (LA) and the Department for Education (DfE) under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

## 7. Data Collection Requirements

## 8. Youth Support Services

### Pupils aged 13+

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

A parent or carer can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child / pupil once he/she reaches the age 16.

### Pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

For more information about services for young people, please visit our local authority website.

## 9. The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the NPD, go to:

<https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
