As there is still a lot of teaching to be done in the GCSE course, there is a lot of material in the Higher book that students won't be able to access yet. If you purchase in September, we will be able to advise you the likely tier of entry and to provide support to students in terms of material they haven't covered yet. However, if you are looking to purchase as a summer revision resource, the foundation course will be the ideal book for most students to work through independently to brush up on all the basic mathematical skills before September.</p>	Hegarty Maths
